SKILLS

- Languages: JavaScript, SQL
- Frontend: React, HTML5, CSS3
- Backend: Node.js, Express.js, REST APIs, JWT
- Database: MongoDB, Mongoose
- Mobile: React Native, Expo
- Tools: Git, GitHub, Render

ENGINEERING

- Full-stack development
- Backend development
- API integration
- JWT authentication
- Role-based access

LANGUAGES

- Bengali · Native
- English • Fluent

LEADERSHIP

- **Press Secretary** — DIU Embedded Systems Lab
- **Assistant General Secretary** — DIU Robotics Club

PROFESSIONAL SUMMARY

Software Developer and CSE graduate with hands-on experience building full-stack web and mobile applications using React, Node.js, Express.js, MongoDB, and React Native. Experienced in REST APIs, JWT authentication, role-based access, validation, and deployment.

PROFESSIONAL EXPERIENCE

Abdul Monem Ltd (Igloo) | MIS — Software Development **[2026]**

SOFTWARE DEVELOPMENT INTERN

- Built full-stack features with React, Node.js/Express, and MongoDB for asset-management workflows.
- Developed REST APIs, JWT authentication, role-based access, validation, and database operations.
- Built a React Native/Expo Android app with QR-based asset identification and verification workflows.

FEATURED PROJECT

IGLOO ASSET MANAGEMENT SYSTEM **[2026]**

Full-Stack Web + Mobile Platform

- Built a centralized platform for assets, outlets, users, and verification workflows.
- Implemented asset onboarding, QR identification, verification history, and approval workflows.
- Integrated web and mobile applications through shared REST APIs and business logic.

SELECTED PROJECTS

IoT-Based Energy Meter Monitoring System **[2025]**

ESP32 • IoT • ThingSpeak

- Real-time electricity monitoring with cloud-based data visualization.

Railbondhu **[2024]**

JavaScript • HTML • CSS

- A Railway service platform that connects travelers with vendors.

Real-Time Air Quality Monitoring System **[2024]**

ESP32 • Blynk • Machine Learning

- IoT-based environmental monitoring with cloud reporting and hazard alerts.

EDUCATION

Daffodil International University **[2025]**

B.Sc. in Computer Science & Engineering
